PRESS RELEASE: October 4, 2006

Oscar S. James II

Representing Council Members in favor of Gary McCarthy

For immediate Release:

The Municipal Council along with the Mayor have worked to bring about much needed reform to the City of Newark. The number one priority of this administration over the past 93 days has been public safety.

The Municipal Council has been faced with many tough decisions. By far one of the toughest has been choosing a new Police Director. We have chosen Gary McCarthy for several reasons.

We believe it is important to say that the appointment of Mr. McCarthy is the beginning not the end of this councils' oversight of the Director as well as the entire Police Department. He must prove himself everyday not only to city officials but also more importantly to the citizens of this great city. The Municipal Council along with the Mayor will do everything to ensure the public safety of all of our residents.

The decision to appoint Mr. McCarthy is in no way affected by race, religion, or creed. We chose the person who we feel is best qualified. Many may have concerns and our wards want results on crime now and this mayor has pledged results and we are giving him the tools he needs to get it done. We ask that you hold us all accountable, but please have respect for the government and the electoral process. The people have chosen this council, and not one member has any self-interest in voting for or against the candidate. We ask that everyone work together to help Mr. McCarthy have a successful tenure as Director of the distinguished Newark Police Department.

Mr. McCarthy has agreed to our terms requiring him to move to the city of Newark. He has also eagerly agreed and is committed to being hands on and directly involved with the community and its affairs.

A number of my colleagues have spoken with community leaders, elected officials, religious leaders, and others in Washington Heights and Brooklyn and have found all to be extremely supportive in Mr. McCarthy's efforts in terms of reducing crime. We move forward with Mr. Gary McCarthy as our next Police Director, we support him 100% and wish him nothing but success. Our number one priority is for the safety of the residents whom reside in our great City.

Municipal Council Members in Support of Gary McCarthy

President Crump read the following into the record:

The selection of a Police Director is of paramount significance at this juncture in time for the city of Newark. As the "Top Cop", we believe that he must represent the best in the determination process. He must be able to lead with authority and follow with humility.

Our decision to vote "no" for this director was driven by major concerns expressed by the people we represent.

However, he is now the new Police Director. As such, he will have our complete support. We will work to make certain that he has the tools to do his job effectively. We will not be obstructionists for obstructionists' sake. We will do nothing to hinder his agenda for driving the crime statistics down. We want the citizens of Newark to feel safe. If he can make that happen, we will be the first to congratulate him.

We wish him well as he assumes his awesome responsibility as our law enforcement leader. We further ask that the community rally around his administration, as we will, and offer its collective support.
